To Whom it may concern;

My name is NQUAVAH HARRIS and this letter is in reference to someone whom is considered a family a brother to me a uncle to my children and a father to his own Michael Brockenbaugh it would be greatly appreciated if this all can be considered during his sentence my family as well as his own have been greatly affected by this whole situation and it has taken time for us all to adjust to it he was a great mentor and inspiration to us all. And this situation has taken a toll and extremely hard for us all to deal with if by any chance we ask please have consideration and allow Michael to be close to family and love ones that whom cared for him and also the ones he has help nurture into great young people. As a mother I want what's best for my children as we all do! I pray that justice will prevail and in the process that we as well as him can be a support system to each other.

TO, whom I may concern I Selicia
have known Michael Brockenbaugh for
almost 3 years, He is a great man a family
man he cares greatly about his family
they mean the world to him. He's the
kind of man that would help a stranger
out of a situation even if he was in
one himself. He has a beautiful little
girl named Puritty who can't see him
right now but he sure can still be in
her life with visits this is why I hope
who ever is reading this could take into
their hearts to be so grant him a closer
place to life and he can stay in his
families to be so grant him a closer
time to life and he can stay in his
son named Michael who is 20 years old
who has lived most of his life with his
father by his side even though he is 20
all kids still need a father. If there
s any awestruck about it I am his son's
friend I also have a daughter and her
daughter's age who loves her step grandpa

She is very kind of him, in tough times he has helped me with staying stable with everything that goes on in my life. Being there for me to talk to to have a shoulder to cry on. even though he would tell me not to cry and to wipe my tears and make my dreams come true for me and my daughter.

I know I am rambling on about how good of a person he is but you know something it's because it's true. I hope when reading this you can give michael a chance to show everyone his family is everything to him.

Regards,

Selicia Lewis

To Whom it may Concern;

My name is Michael Jalen Brockenbaugh. This letter is in reference to my father "Michael Brockenbaugh." My father has been gone nearly two years just being held. I only have phone calls with my father as well as my mother and baby sister. To travel to see my father takes six hours, just for an one hour visit threw glass window on a telephone chained up to a wall. Worst sight I ever saw of my own father. I will not let that change the way I view or think of my father, he is a human not some kind of animal. I have all but good memories with my father. It was always the little things that mattered to him. Such as eating as a family, taking his children to the park, teaching me how to properly work out. My father isn't to much of a back smart man, but he always helped me with my school work even if it took away his sleep. He always kept my mother happy! Taught me how to be a young man with dignity. My father is the type of man who would give anything to the homeless or feed the people in need. My father is a good human. I Love my father so dose his daughter and my mother. We are all my father has to call his family. Me and my father including mother always had a healthy relationship. Please your honor keep consideration to keep "Michael Brockenbaugh" close to home and family. Sincerely,
